IL GIORNO

La collezione JEI è il frutto di un'attenta ricerca di soluzioni creative in sintonia con le tendenze del vivere contemporaneo in cui l'eleganza della tradizione classica si fonde con la moderna esigenza di versatilità, di funzionalità, di equilibrio dei volumi e delle forme.
La progettazione è alla base della produzione di una linea di mobili innovativi in cui stile, classe, personalità e raffinata accuratezza dei dettagli rivelano la sensibilità e l'esperienza di un design e di una produzione dal fascino tutto italiano.

*The JEI collection is the result of a careful search for creative solutions in line with the trends of contemporary living in which the elegance of classic tradition fuses with the modern demand for versatility, functionality and balance in volumes and forms. Design is at the base of the production of an innovative line of furniture in which style, class, personality and refined accuracy in details reveal the sensitivity and experience of a fascinating totally Italian design and production.*
